Admissions and Records

Assigned Student ID Number (S#)

RRCC assigns you an alternate ID that will protect the confidentiality of your social security number, thereby protecting your identity and privacy. Social security numbers are not used as the "identifier" for students. Your assigned ID number is 8 digits beginning with an "S" and is computer generated. Example: S12345678 You will be sent your "S" number after you have applied. If you are a continuing student, you can obtain your "S" number by contacting the Admissions office.

Call:303.914.6600 or email: Admissions@rrcc.edu

Assessment

If you are a new student, the state of Colorado mandates you take an assessment test for basic skills in reading, sentence skills, and mathematics. Accuplacer, the assessment test, helps you and your advisor make appropriate course choices.

Call: 303.914.6720 or email: Assessment.center@rrcc.edu

Auditing Courses

Auditing courses is a practical way to refresh skills, gain background information, or pursue an interest without the pressure of grades. However, the College Opportunity Fund does not apply to audited classes. Students who audit are responsible for the entire cost of tuition for that class. The deadline date for changing your credit/audit status is the same as the class drop date.

College Opportunity Fund (COF)

Sign up for the College Opportunity Fund (COF) at www.rrcc.edu/cof

The College Opportunity Fund (COF) is a state-funded program that provides a per-credit subsidy for residents attending state-supported and participating private colleges and universities. This money, referred to as the COF stipend, is applied to an in-state student's tuition, provided the student applies for and authorizes its use.

Call: 303.914.6254 or email: cof@rrcc.edu

Credits and Degrees

Meet with a faculty or academic advisor to learn about the requirements for each degree.

Call: 303.914.6255 or email: Advising@rrcc.edu

Drops and Withdrawals

It is important to know the drop and withdrawal dates for all your classes. If the class is a traditional 15-week course (8-9 weeks in summer), the dates are listed on the class schedule calendar page. For all other courses; you can find out what your drop and withdrawal dates are by looking in the class schedule's course listing. All students should print out a detailed student schedule with drop and withdraw dates any time they register for a class or make changes to their registration.

NOTICE: To drop a class, you must do so by the drop date for that class. Classes dropped after the drop date result in a "W" grade and are considered a withdrawal, you will also be responsible for full payment of the class.

Call: 303.914.6600 or email: admissions@rrcc.edu

Graduation Audit and Graduation Application

When you have successfully completed 42 credits, you are usually only 18 credits away from graduating with one of the associate degrees that RRCC offers. At this point it is important for you to initiate a graduation audit and to meet with a faculty or academic advisor so that he/she can assist you as you plan to complete the required courses for the degree you are seeking.

- You may request a degree audit by email for all Associate of Arts, Associate of Science, and Associate of General Studies degree plans. Send an email from your Red Rocks student account to advising@rrcc.edu, along with your student number and specific degree. You can expect to have your audit returned within one week of receipt.
- Near the beginning of the semester in which you want to graduate, submit a graduation application form by the date listed in the current semester's schedule. The application form is available online at rrcc.edu/admis/gradap.html. Meet with an academic or faculty advisor so that he/she can assist you with the graduation application process.

Notification of Rights Under FERPA for Post Secondary Institutions

Family Educational Rights and Act of 1974

Red Rocks Community College Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. FERPA rights are afforded to the students at the time of admission. These rights include:

- 1) The right to inspect and review your education records within 45 days of the day Red Rocks Community College (RRCC) receives a request for access. You should submit to the Associate Registrar, a written request that identifies the record(s) you wish to inspect. The Associate Registrar will make arrangements for access and notify you of the time and place where the records may be inspected. If the records are not maintained by this office, you will be advised of the correct official to whom the request should be addressed.
- 2) The right to request the amendment of your education records that you believe are inaccurate, misleading, or otherwise in violation of your privacy rights. If you wish to ask RRCC to amend a record, you should write the Associate Registrar of Student Records who will notify the college official responsible for the record; clearly identify the part of the record to be changed and why it is inaccurate or misleading. If the College decides not to amend the record as requested, the College will notify you in writing of the decision and your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3) The right to provide written consent before RRCC discloses personally identifiable information from your education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to College officials with legitimate educational interests. A College official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement, unit personnel, and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, or collection agent); another system college; a person serving on the College Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks, the National Student Clearinghouse, state or federal authorities, and accrediting agencies. A College official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. Upon request, the College discloses education records, without a student's consent, to officials of another school, in which a student seeks or intends to enroll or after enrollment.

RRCC may share educational records to parents in the following circumstances: for a student who is dependent under I.R.S. tax code, a student under 21 years old who has violated a law or the schools rules or policies governing alcohol or substance abuse, and when the information is needed to protect the health or safety of the student or other individuals in an emergency.

The Colorado Community College System considers the following to be directory information: your name, major field of study, participation in officially recognized activities and sports, dates of your attendance, degrees/certificates and awards earned, most recent educational institution attended, and enrollment status (full time, part time, etc.). RRCC staff may disclose this information, without prior consent, to anyone inquiring in person, by phone, or in writing. Additionally, name, address, phone number, birth date, level of education, field of study, and degree received may be released to military recruiters upon request in accordance with the Solomon Amendment.

All other information contained in your records is considered private and not open to the public without your written consent. If you do not want your directory/public information released to a third party you may sign a "Directory Restriction" form. This form will remain in effect until you cancel the request for nondisclosure. For more information contact Student Records at 303.914.6254

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, SW Washington, DC 20202-5901

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Recent revisions

Suspension: If a student on Academic Probation earns a term GPA of less than 2.0 for all classes attempted, the student will be suspended and will not be allowed to enroll at any CCCS college for the next term without "waiting out" the required number of terms, excluding summer as a "wait out" term.

Suspension Rules

- Summer term may not be used as a "wait out term".

Suspension Reinstatement

If a student wishes to appeal the suspension, the student will need to meet with an academic advisor to complete a Plan for Academic Success and Academic Performance Self-Assessment. Once those are complete, the advisor will review the other steps the student must take to appeal which includes writing a personal statement and scheduling an appointment with the Director of Advising. The Director of Advising will consider the student's appeal and make a final determination. If the Director of Advising approves the appeal, the student will be able to register. The student will remain in suspension and will not be able to make any registration changes without first contacting the Director of Advising. Student Rights and Responsibilities

All students at Red Rocks Community College have rights as students that are outlined below.

Freedom of Access to Higher Education

Red Rocks welcomes high school graduates or non-graduates 17 years or older who might benefit from our instructional programs and courses. High school students under the age of 17 may also have the opportunity to enroll through high school concurrent enrollment programs. Students under the age of 17 may apply for a "Waiver of Admissions Requirements" by contacting the office of the Vice President for Student Services. To be considered for underage admissions, students must complete a waiver application, take the Placement Test in the Assessment Center, and may be required to submit a monitored writing sample. Students under the age of 15 will only be considered if they have received a high school diploma.

A. Admission: Red Rocks has the right to review the applications of all persons wishing to enroll at the College. Those who do not appear to have the qualification to profit from instruction may be denied admission to Red Rocks. When an applicant's qualification for admission are questionable, the Director of Enrollment Services will determine whether the applicant is to be admitted. The Director's decision may be appealed to The President of the College.

B. Continued Enrollment: Once admitted, if a student's actions on campus give reasonable cause to believe that he/she is unqualified to participate in the College's programs and activities, that student may be denied further enrollment at the institution. Such decision will be made after examination of issues associated with the student's behavior pattern. This may include consultation with professional staff members at the College as well as a medical or psychiatric evaluation at the student's expense by an outside consultant if necessary.

Classroom Rights

The instructor in the classroom and in conference must encourage free discussion, inquiry and expression. Student performance must be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

A. Protection of Freedom of Expression: Students are free to take reasoned exception to the interpretation of data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course in which they are enrolled.

B. Protection Against Improper Evaluation: Students have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for achieving standards of academic performance established for each course in which they are enrolled.

C. Protection Against Improper Disclosure: Information about students' views, beliefs and political associations are considered confidential, and under no circumstances will become a part of their records or transcripts. Judgment of ability and character may be provided upon appropriate circumstances with the consent of the student, in cases where the student is a minor, or if legal mandates dictate.

D. Protection Against Sexual Harassment: Students have protection against sexual harassment by Red Rocks employees as well as other students as outlined in the College Affirmative Action and Equal Opportunities policies. cccs.edu/SBCCOE/Policies/SP/PDF/SP4-120a.pdf

E. Protection Against Instructor Unavailability: Students have the right to expect faculty and advisors to post and maintain office hours.

Student Affairs

In student affairs certain standards must be maintained if the freedom of the student is to be preserved.

A. Freedom of Association: Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the College community. They are free to organize and join associations to promote their common interest, as long as they do not disrupt the College or violate its rules and regulations.

1. The membership, policies and actions of a student organization will be determined only by those persons who are enrolled as fee-paying students at Red Rocks.

2. Affiliation with extramural organizations is permitted provided the organization adheres to College policies, procedures and regulations. Such organizations must be open to all students without respect to age, religion, national origin or physical limitations (except for religious qualifications that may be required by the organizations whose aims are primarily sectarian).

3. Campus advisors approved by the Student Life Director are required for each organization. If the student organization cannot secure an advisor, the resources of the Student Life staff may be utilized until an advisor is secured as required by the student organizational council regulations.

Advisors may advise organizations in the exercise of responsibility, but they do not have the authority to control the policy of such organizations.

4. Student organizations are required to submit a statement of purpose, criteria for membership, rules or procedures and a current list of officers as a condition of institutional recognition.

5. A recognized club or organization may lose its official recognition and be suspended if actions of its officers or members, or activities of the organization as a whole, violate College policies, procedures, or regulations.

B. Freedom of Inquiry and Expression:

1. Students and student organizations are free to examine and discuss all questions of interest to them, and to express opinion publicly and privately. They shall always be free to support causes by orderly means that do not disrupt the operations of the College. In their public expressions or demonstrations, students and student organizations speak only for themselves.
2. Student organizations may invite anyone they choose to speak or exhibit on campus, provided state and College policies and procedures are followed. If a political speaker is invited, candidates or representatives of other political parties must also be given the opportunity for presentation.
3. Institutional control of campus facilities may not be used as a device for censorship. Sponsorship of guest speakers does not necessarily imply approval of views expressed either by the sponsoring group or the institution.
4. Facilities and services of the College are open to all of its enrolled students provided they are used in a manner appropriate to the College community and in compliance with College procedures. The Student Center maintains information on policies and procedures for use of facilities.

C. Student Participation in Institutional Government: As members of the College community, students are free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The student body shall have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of the Student Government in both its general and specific responsibilities shall be made explicit, and the actions of the Student Government shall be reviewed only through orderly and prescribed procedures.

D. Student Publications: Student publications and the student press are an invaluable aid in establishing an atmosphere of free and responsible discussion and of intellectual exploration at the College. They are means of bringing student concerns to the attention of the faculty and institutional authorities, and of formulating student opinion on various issues at the College and in the world at large.

The institution, as the publisher of the student publication, may have to bear the legal responsibility for the content of the publication. In the delegation of editorial responsibility to students, the institution must provide sufficient editorial freedom and financial autonomy for the student publications to maintain their integrity of purpose as vehicles for free inquiry and free expression in an academic community.

Institutional authorities, in consultation with students and faculty, have a responsibility to provide written clarification of the role of student publications, the standards to be used in their evaluation, and the limitations of external control of their operation. At the same time, the editorial freedom of student editors and managers entails responsibilities to be governed by the canons of good journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications, the following provisions are necessary:

1. The student press shall be free of censorship and advance approval of copy, and its managers and editors shall be free to develop their own editorial policies and news coverage.

2. Editors and managers of student publications may not be arbitrarily suspended or removed because of student, faculty, administrative or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures. The agency responsible for the appointment of editors and managers is the agency responsible for their removal.

3. All student publications financed and published by the College must explicitly state on the editorial page of the publication that the opinions expressed are not necessarily those of the College or its student body.

E. Distribution of Literature: It is the intent of the College to provide for the exchange of ideas in an orderly fashion and without disruption of the College. Red Rocks makes the distinction between commercial and non-commercial literature, posters, handbills and banners, and allows for the distribution and posting of literature in accordance with College procedures.

Off-Campus Freedom of Students

Red Rocks Community College students are both citizens and members of the College community. As citizens, students may enjoy the same freedom of speech, peaceful assembly and petition rights that all other citizens enjoy. As members of the College community, they are subject to the same obligations that accrue to them by virtue of this membership. Faculty members and administrative officials must ensure that institutional powers are not employed to inhibit the intellectual or personal development of students promoted by their exercise of rights of citizenship both on and off campus.

Student Code of Conduct

PREAMBLE

Students enrolling at Red Rocks Community College (Red Rocks) assume an obligation for conduct compatible with College objectives. College regulations are based on respect for the rights of others and observance of civil law and current moral standards. Red Rocks students have all the rights and responsibilities of other citizens and are subject to the same federal, state, and local laws as non-students. As members of the College community, students are also subject to the rules and regulations of the College. Students who feel their rights have been violated may file a grievance using the Student Grievance Procedure.

Red Rocks exists for the transmission of knowledge, development of occupational skills, and growth of students. Freedom of inquiry and expression are indispensable to the attainment of these goals. As members of the College community, students are encouraged to develop the capacity for critical judgment and to engage in a sustained search for truth. The standards of academic freedom for students outlined below are essential to any learning community.

The administration of discipline must guarantee procedural fairness to an accused student. Practices in disciplinary cases may vary with the gravity of the offense and the sanctions that may be applied. In all cases, students will be informed of the charges against them and will be given the opportunity to refute the charges. The College will not be arbitrary in its actions, and there will be a provision for appeal of the decision.

ARTICLE IV: STUDENT CODE OF CONDUCT PROCEDURES

Application¹

The procedure applies to students within Red Rocks Community College (RRCC).

Basis

Students are expected to adhere to the Student Code of Conduct, Colorado Community College System policies and RRCC procedures. If a student is charged with violating RRCC Code, these are the procedures to be used in resolving the charge.

Definitions

Code of Conduct: A document developed and published by each College which defines prescribed conduct of students.

The Title IX Administrator is the employee(s) designated by The College President to

RRCC has elected to use the National Center for Higher Education Risk Management (NCHERM) and the Association of Title IX Administrators (ATIXA) model policy as the template used in this procedure.

Vice President of Student Success (VPSS): The individual designated by The College President to administer student affairs and be responsible for administering RRCC's Student Conduct Code and this procedure. The VPSS may delegate student discipline to another individual (designee).

Notice: Notices which are required to be given by this procedure shall be considered served upon the student when given by personal delivery, mailing by certified mail, or emailing the student to their official College email address requesting a delivery receipt notification. If notice is mailed, student shall be given three (3) additional days to respond.

Day: Refers to calendar day unless otherwise noted below.

Sanctions: One or more of the following may be imposed when there is a finding that a student has violated the RRCC Code of Conduct.

1. Warning: A Notice served upon the student advising him/her that he/she is violating or has violated RRCC regulations.
2. Probation: After a finding of violation of the Code of Conduct, restriction of student's privileges for a designated period of time including the probability of more severe disciplinary sanctions if the student is found to be violating any RRCC regulations during the probationary period.
3. Other disciplinary sanction: fines, restitution, denial of privileges, assignment to perform services for the benefit of the College or community; or other sanction that doesn't result in the student being denied the right of attending classes.
4. College suspension or expulsion: An involuntary separation of the student from RRCC for misconduct not based on academic performance for a specified period of time.

a. Suspension is a separation that shall not exceed three academic terms per suspension for any singular offense or situation. While a student is suspended, he or she is not eligible for admission or re-admission at any of the Community Colleges within CCCS. Once the suspension is lifted, the student is eligible for admission or re-admission.

Examples of suspension include, but are not limited to the following: the College, a department or program, a class, use of a College facility or an activity.

Students may be suspended from one class period by the responsible faculty member or adjunct instructor. Longer suspensions can only be implemented by the VPSS or designee in accordance with this procedure.

b. Expulsion is an indefinite separation from the College. The student is not eligible for admission or re-admission at any of the Community Colleges within CCCS.

In exceptional cases where a student wants to be considered for admission or re-admission after an expulsion has been implemented, the student bears the burden to prove the behavior that resulted in the expulsion has been resolved. It is within the College's discretion to admit or deny the student.

5. Interim Suspension: An immediate action taken by the VPSS to ensure the safety and well-being of members of the College community; preservation of College property; or if the student poses a definite threat of disruption or interference to others or the normal operations of the College. In the event of an interim suspension, the hearing before the VPSS or designee shall occur as soon as possible following the interim suspension. If the College issues a permanent sanction, the student shall be afforded appeal rights as discussed below. If the College does not implement a permanent sanction, the interim suspension will be removed from the student's record.

Procedures

Decision:

The VPSS or designee shall receive all allegations of student misconduct, investigate the complaints, which includes meeting with the student to give him/her the opportunity to respond to the allegations of misconduct. If the allegations of misconduct are discrimination and/or harassment based on federal or state civil rights laws, the College will investigate those incidents through the RRCC Civil Rights Grievance and Investigation Process (RRPR 3-50b) rrcc.edu/hr/policies/procedures/RRPR3-50.htm and System President Procedure 4-31a. cccs.edu/SBCCOE/Policies/SP/PDF/SP4-31.pdf

Once the investigation is complete, either through this process or the Civil Rights Grievance and Investigation process, the VPSS or Designee shall render a sanction decision.

The VPSS or designee may decide that the charges can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to them. If an administrative resolution is not achieved, the VPSS or designee shall issue a decision which determines whether the alleged conduct occurred; whether the conduct violated the Code of Conduct or RRCC procedures; and impose a sanction(s) if appropriate. The student shall receive written notice of the decision and be advised of his/her right to appeal the Decision, subject to the grounds below, by filing a written appeal with the VPSS or designee within seven (7) days of service of the decision.

Appeal:

In the event of an appeal, the VPSS or designee shall give written notice to the other party (e.g., if the accused student appeals, the appeal is shared with the complainant who may also wish to file a response), and then the VPSS or designee will draft a response memorandum (also shared with all parties). All appeals and responses are then forwarded to the appeals officer or committee for initial review to determine if the appeal meets the limited grounds and is timely. The original finding and sanction will stand if the appeal is not timely or substantively eligible, and the decision is final. If the appeal has standing, the documentation is forwarded for consideration. Because the original finding and sanction are presumed to have been decided reasonably and appropriately, the party appealing the decision must specifically cite the error(s) in the original determination on which the appeal is based. The ONLY grounds for appeal are as follows:

1. A material, procedural, or substantive error occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures); which must be explained in the written appeal; or
2. To consider new evidence, unavailable during the investigation or hearing that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included in the written appeal, as well as the reasons the new evidence was not available during the original proceeding.

If the appeals officer or committee determines that a material, procedural, or substantive error occurred, it may return the complaint to the VPSS or designee with instructions to reconvene to cure the error. In rare cases, where the procedural or substantive error cannot be cured by the VPSS or designee in cases of bias, the appeals officer or committee may order a new hearing be held by a different individual acting in the place of the designated VPSS or designee. The results of a reconvened hearing cannot be appealed. The results of a new hearing can be appealed, once, on the two applicable grounds for appeals.

If the appeals officer or committee determines that new evidence should be considered, it will return the complaint to the VPSS or designee to reconsider in light of the new evidence, only. If the subject matter pertains to discrimination and/or harassment, the appeals officer or committee will return the complaint to the Title IX/EO Coordinator to reconsider in light of the new evidence, only. The reconsideration of the VPSS, designee, or Title IX/EO Coordinator is not appealable.

The procedures governing the hearing of appeals include the following:

- All parties should be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision;
- If the appeals officer or committee determines there is new evidence or error in the original proceeding, every opportunity to return the appeal to the VPSS or designee for reconsideration (remand) should be pursued;
- Appeals are not intended to be full re-hearings of the complaint (de novo). In most cases, appeals are confined to a review of the written documentation or record of the original hearing, and pertinent documentation regarding the grounds for appeal;
- An appeal is not an opportunity for an appeals officer or committee to substitute their judgment for that of the VPSS or designee merely because they disagree with its finding and/or sanctions.
- Appeals decisions are to be deferential to the original decision, making changes to the findings only where there is clear error and a compelling justification to do so.
- Sanctions imposed are implemented immediately unless the VPSS or designee stays their implementation in extraordinary circumstances, pending the outcome of the appeal.
- The appeals officer or committee will render a written decision on the appeal to all parties within four (4) days from receiving the appeal request. The committee's decision to deny appeal requests is final.

Special Discipline Process Provisions

- In the event that the student is under the age of eighteen or incapacitated, he or she may have an advisor present to assist him/her in presenting his/her case.
- Students do not have the right to be represented by an attorney or law student during these proceedings except in the case where civil or criminal actions concerning the student are pending, and in that case, the attorney's role shall be advisory only.
- The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing except when the student is under the age of eighteen or incapacitated.
- Student shall have the right to identify documents, witnesses and other material he/she would like the VPSS or designee to review before making a final decision.
- Any hearing held shall be conducted in private unless all parties agree otherwise.
- A record of the hearing should be maintained by the VPSS or designee.
- If a student has a disability and would like to request an accommodation to assist him/her through the discipline process they may do so by informing the VPSS or designee. The VPSS or designee will then work with disability support services to accommodate the request.
- Jurisdiction - College disciplinary proceedings may be instituted against a student charged with violation of a law if the violation occurred at RRCC or RRCC-sanctioned activities or was of such a nature to have an impact on the College and the violation is also a violation of the College's student code of conduct.
- Proceedings under this procedure may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
- Standard of proof: the College will use the preponderance of evidence standard in the disciplinary proceedings, meaning, the College will determine whether it is more likely than not a conduct code was violated.

- All sanctions imposed by the original decision maker will be in effect during the appeal. A request may be made to the VPSS or designee for special consideration in exigent circumstances, but the presumptive stance of the institution is that the sanctions will stand. Graduation, study abroad, internships/externships/clinical placements, etc. do not in and of themselves constitute exigent circumstances, and students may not be able to participate in those activities during their appeal. In cases where the appeal results in reinstatement to the institution or of privileges, all reasonable attempts will be made to restore the student to their prior status, recognizing that some opportunities lost may be irretrievable in the short term.
- The procedural rights afforded to students above may be waived by the student.

Retaliatory Acts

It is a violation of this procedure to engage in retaliatory acts against any employee or student who reports an incident(s) of code of conduct violations or any employee or student who testifies, assists or participates in the discipline proceeding, investigation or hearing relating to such allegation(s) of code of conduct violations.

Revising this Procedure

RRCC reserves the right to change any provision or requirement of this procedure at any time, and the change shall become effective immediately.

ARTICLE V: INTERPRETATION AND REVISION

A. Any question of interpretation or application of the Student Code shall be referred to the Vice President of Student Success or his or her designee for final determination.

B. The Student Code shall be reviewed annually under the direction of the Vice President of Student Success.

C. The Student Code of Conduct, Disciplinary Process and related policies and procedures are subject to change at any time, and without notice. The most current version of the student handbook and Code of Conduct is available online at the Red Rocks Community College website.

ARTICLE VI: NON-DISCRIMINATION POLICY

RRCC prohibits and will not tolerate discrimination or harassment that violates federal, state law or Board Policy 4-120 see: cccs.edu/SBCCOE/Policies/SP/PDF/SP4-31.pdf

RRCC does not discriminate on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, or sexual orientation. RRCC complies with Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Education Amendments of 1972 (Title IX), the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act, Pregnancy Discrimination Act of 1978, Vietnam Era Veterans Readjustment Assistance Act of 1974; Executive Order 11246, and sections 24-34-301, C.R.S. et seq..

ARTICLE VII: STUDENT SEXUAL MISCONDUCT PROCEDURE

Application

This procedure applies to all Administrators/Professional Technical employees, Faculty and Adjunct Instructors, Classified employees (RRCC employees), students, authorized volunteers, guests, and visitors at Red Rocks Community College (RRCC).

Basis

Board Policy (BP) 3-120 and BP 4-120 provides that RRCC shall not unlawfully discriminate on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, or sexual orientation. System President's Procedures (SP) 3-120a and SP 4-120a specifically relate to gender misconduct, including sexual misconduct, toward RRCC employees, students, and authorized volunteers, guests, or visitors, RRCC will comply with Title VII of the Civil Rights Act of 1972. When a complainant and/or respondent is a student, RRCC will comply with Title IX of the Education Amendments of 1972 (Title IX).

The System President delegates to each College President the responsibility to ensure this procedure is implemented at their College.

Introduction:

The RRCC community has the right to be free from sexual violence. All members of the RRCC community are expected to conduct themselves in a manner that does not infringe upon the rights of others. RRCC believes in a zero tolerance policy for gender based misconduct. When an allegation of misconduct is brought to an appropriate administrator's attention, and a respondent is found to have violated this policy, serious sanctions will be implemented to reasonably ensure that such actions are never repeated. This procedure has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This procedure is intended to define RRCC expectations and to establish a mechanism for determining when those expectations have been violated.
