All events listed in the John Letter are open and FREE for Current Students unless otherwise noted!

## Reason #1433 to frequent your local RRCC Coffee shop-

WE SELL COFFEE. AWESOME COFFEE. You may not have bean (Ha! Coffee humor) aware, but the RRCC coffee kiosk now sells coffee! We have coffee in many varieties, from many regions of the world, from which we extract deliciousness by many methods.

For example; our Sumatran dark roast is from Sumatra. It is organic and fairly traded, and we elicit its yumminess via a traditional drip method. On the other hand, our espresso beans come from a number of regions around the world, including Brazil and Mexico. We finely grind these beans, push very hot water under very high pressure through them, and create the gustatory glory known as espresso!

Imagine having a shot of our espresso in a blended cup of our coffees... you'd be sipping the succulent fruits of farmers from four different continents. My, what a cosmopolitan human you are... and we haven't even added any milk or sugar yet!

Another quintessential element of our coffee is the fact that it contains a magically psychoactive chemical known as caffeine.

This substance has been linked in non-scientific tests, conducted by me, Bob, to happy feelings, increased productivity, looking cool, and sometimes talking too fast for my own good. Stop on by the RRCC coffee shop and perhaps you too will experience these delightful repercussions! -Bob, the magic coffee makin' man

## BE INFORMED and TAKE ACTION!

Check out the RRCC website and social media for information on the dangers of second hand smoke exposure, including resources for those who may be exposed to second hand smoke in their multi-unit housing! Did you know? Second hand smoke outdoors is still second hand smoke.
