

Community Resource Guide
for Immigrants and Refugees

Office of International and Immigrant Affairs

Welcome

This Community Resource Guide provides a list of resources offered by the city of Aurora, nonprofit organizations, school districts, counties, consulates and community partners. Although this guide may not capture all the resources available, it includes helpful information on programs and organizations that may be connected to other cities or valuable community partners.

As a city and not a county, Aurora does not provide direct health or social services, but the city's Office of International and Immigrant Affairs partners with local community organizations, to connect immigrants and refugees to available resources.

If you need access to health, legal and education services, please contact the appropriate health department, county or school district to find resources or seek assistance from community organizations.

As a full-service city, we are committed to delivering quality city services from Aurora Water; Housing and Community Services; Public Safety; Parks, Recreation and Open Space; and Library and Cultural Services; to name a few. In the following pages, you'll find information about some of the great services we offer and the best ways to reach us.

Every month with your water bill, you will receive News Aurora, a newsletter that keeps you up to date on city events, news and announcements. Connect with us on Facebook, X/Twitter, and Instagram @AuroraGov. Members of the social network Nextdoor also receive regular communication from the city. Sign up for our weekly e-newsletter at AuroraGov.org/Newsletters and get the latest Aurora news at AuroraTV.org.
